

## The Bird's nest Theory: The Gift of Ra: The Eye of Ish: The Elohim's eyes

The outcome of the way is the development of the Spirit-Soul into Elohim or a broader terminology (Godhood). When the way is actualized there will be two outcomes

1. A closer feeling to Your creator. The term "Your" is used specifically here as because the Eternal father is the Umbrella of All, Every Spirit-Soul is unique under that Umbrella

The original Demiurge is that which is, will be, and was. An accurate dimensional criteria of an Elohim is 9 dimensional with a footing in the underworld, the middle world, and the upperworld. However the demiurge exists in a 12 dimensional matrix of this present Universe. That is not only a presence in all three worlds, but the tree of life matrixes that neighbors this present universe as well as a presence in the Father's Universe.
    - b. Beings who are Elohim are known as sons of God, meaning with the essence of the Father, a divine spark of Divinity. The demiurge at any given moment God, an extension to the Eternal Father that brought creation into existence. The very fact of existence

supplies the Demiurge. The Demiurge is subordinate to the Eternal Father who manifests as Godhead above the Demiurge. We can call this Godhead Allah, or Olodumare, or countless other names when considering the characteristics of Godhead.

- b. There is but one Demiurge of this Reality; The tetragrammaton .The Original image.The Demiurge is the the Original Image that all things follow
  - c. There is a possibility for multiple Elohim. Elohim however clash when brought into the same matrix . This explains the distinction between one Ultimate God from another.
  - d. If the Demiurge is a limit on this reality, the Elohim aim to fill it. As such they mimic the Demiurge in their processes. That is an elohim has a grasp on Reality in such a way that it can act as the Demiurge, and can manipulate in place of the Demiurge
  - e. However no Elohim surpasses the Demiurge which holds and Gatekeepers the Father's Laws that is above this reality. That is when a being acts as an elohim, it is acting as an extension of the Father of this Tree of Life Matrix
4. The three parted being of An elohim( Godhood): A matrix

  - d. The Underworld approaches the Freedom of Creation of the Mother
